## Frontend Developer (Intern)

✉ rahmatanoba@gmail.com    ☎ +234 813 029 7049    📍 Lagos, Nigeria.    🌐 Anoba Rahmat

### PROFILE

---

Aspiring **Frontend Developer** with a strong foundation in HTML, CSS, and JavaScript, and growing experience in building responsive, user-friendly websites. Skilled at translating design concepts into clean, functional code and eager to expand knowledge in modern frontend frameworks. Passionate about continuous learning, solving problems through code, and creating engaging digital experiences.

Seeking an opportunity to sharpen technical skills, gain hands-on training, and contribute to impactful web development projects.

Eager to gain practical experience and apply theoretical knowledge in a real-world environment and also looking forward to contributing to real-world projects while gaining industry experience.

## PROFESSIONAL EXPERIENCE

---

### Fusion Intelligence Technologies

Apr 2025 – Present | Lagos, Nigeria

#### Frontend Developer (Intern)

- Built and optimized interactive user interface components using **frontend frameworks such as React.js along with HTML, CSS, Typescript and JavaScript**, improving usability and responsiveness.
- **Contributed to the company's growth by working alongside developers to design and implement a WhatsApp bot**, integrating APIs and third-party tools to improve client communication and automate support processes.
- Partnered with designers to **translate UI/UX mockups from Figma into functional web pages**, ensuring accurate design implementation and better user experiences.
- Strengthened practical knowledge of **frontend development best practices**, version control (Git/GitHub), and cross-team communication.

### Markfavor Schools

2022 | Lagos, Nigeria

#### Assistant - Teacher

- Supported **students** by breaking down complex topics into **clear, easy-to-understand lessons**, showcasing strong communication skills useful for explaining technical concepts.
- Assisted in lesson planning and classroom management, demonstrating **attention to detail, multitasking, and organizational abilities** that transfer directly to coding projects.
- Guided students through hands-on problem-solving, building **patience, adaptability, and analytical thinking** when addressing diverse learning needs.
- Collaborated with senior teachers to deliver engaging class activities, refining **teamwork, leadership, and coordination skills** essential for collaborative development projects.
